Reference - Deputy Commissioner's Memo No.D3 4136/30 dated 25th November 1931 regarding the recovery of contribution from the Talkad Municipal Council for the L.F.Dispensary at Talkad

---

I beg to enclose here in two statements one showing the financial condition of the Talkad Municipality for the past three years, and another showing the balance at the credit of this Municipality at the end of October 1931.

Out of the balance of Rs.280-13-2 a sum of Rs. 240/-which represents the establishment charges for the past two months, is immediately necessary to meet their demands The remaining sum of - Rs 40/- may, if approved, be adjusted towards the constribution due by this Municipality.

In this connection I beg to bring to the kind notice of the Deputy Commissioner, the deplorable condition not only of this Municipality but also of three sister Municipalities of this Taluk Unless arrears are collected every month the establishment charges cannot be met What has come to my notice during the past two month I have been in charge of this Taluk, is, that strenuous attempts ar made to collect the outstanding arrears and pay the establishmen out of this collection, lest, they especially the sweepers should strike work The people of Talkad have petitioned, praying for the conversion of this Municipality into a Panchayet There seems to b some force in their representation

What applies to Talkad Municipality, applies with equal force to Bannur and Mugur Municipalities though of late some activity is visible in T Narsipur Municipality

Connected records in respect of Talkad Municipality accompany for reference

An extract from the resolution of the Talkad Municipality pleac ing their inability to pay the contribution, is also enclosed for information

Condition of Talkad Municipality
in regard to collection work.

With reference to correspondence ending with your letter No.L.7950 dated 5th May 1934 re the above, I have the honor to forward herewith a copy of the Notes of Inspection of the Talkad Municipality made by me on 29th April 1934 which contains all the information required.

I have the honor to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Mysore District.
(Absent from station).

A.N.

Notes of Inspection of the Talkad Minor Municipality by the Deputy Commissioner, Mysore District, on the 29th April 1934.

Date of last inspection. 26th June 1933.

The present Council was reconstituted with effect from 1st January 1934.

The old Council which was in existence from 1-7-33 to 31-12-1933, held 4 ordinary and 4 special meetings.

The present Council has held 2 ordinary and 2 special meetings so far.

Three special Committees have been formed viz.,

1. Health Committee
2. Managing Committee
3. Mohatarfa Revision Committee.

These Committees have not held any meetings so far.

REVISION OF ASSESSMENT.

The house list was revised, so long back as 1923-24. It was observed during the last inspection that the Council should take up the question at once and see that the revision results in, at least, an increase of Rs.500/-. Beyond formation of a Mohatarfa revision Committee, no further action seems to have been taken. This matter should receive the first attention of the President and Members.

Action taken for the recovery of arrears.-

Distraint orders issued and pending execution 804-15- 3
Notices issued. ... 1405-14-10

No action is taken for the recovery of the current Demand.

Many of the Notices have not been served though they were issued long back. Distraint warrants issued a year back are kept unexecuted. The collection work is totally neglected. Out of a heavy demand of Rs.4519-1-7, only a sum of Rs.517-4-5 has been recovered since July 1933, the percentage of collection being 11.4. The Bill Collector is entrusted with the collection of Octroi and also supervision of conservancy staff. The Municipal clerk has not much clerical work, and he may conveniently be spared for executing distraint orders and assist the Bill Collector in collection work.

The following Municipal Councillors are defaulters.-

Messrs. 1.	T.S.Sivalingappa	Rs.81	7	0
2.	Patel Rudregowda	25	0	0
3.	Yajaman Gulaboyi	18	8	0
4	T.Nanjappa	10	8	0
5.	Abdul Rahman	8	0	0
6.	Puttamadasetty.	6	4	0

It is regretted that the Vice President himself is in heavy arrears. It was promised by the Municipal Councillors that all these arrears would be paid at once. Unless the Municipal Councillors themselved promptly pay and help the collection staff by way of inducing the Tax payers to pay their dues, promptly, the collection work cannot be effectively done. The ~~PRESS~~ President and Vice President should impress this fact on the Municipal Councillors.

O C T R O I.

The realisations under Octroi since 1930-31 are as follows.-

1930-31	Rs.	185-13-	9
1931-32		239 1	11
1932-33		232 7	3
1933-34 (end of March)		184 5	1

The Octroi income is very poor. It was observed during the previous inspection that there being no separate staff for the collection of Octroi and watching of dutiable articles against smuggling, the income has not improved and the Vice President and Members were requested to pay special attention to improve it. But nothing seems to

to have been done in the matter. It is hoped that the present Vice President and Members will evince more interest and see that the realisations under this head considerably improve. It is suggested that if the Council so desires a special hand on a pay not exceeding Rs.10/- a month for the watching of dutiable articles and detection of smuggling cases, as is done in some Municipalities with advantage, may be appointed and tried for 6 months.

FINANCIAL POSITION.

The following figures may be taken as the approximate income and expenditure of this Municipality.

Receipts.		Expenditure.	
Mohatarfa	Rs.1900	Establishment	Rs. 460
Octroi	" 250	Conservancy	720
Miscellaneous	" 700	Lighting	200
	----	Contribution	625
	2850	Miscellaneous.	200
	----		----
			2205

The normal expenditure, without providing for improvement works of the Town, is within the normal income. But owing to continued neglect of collection work the Municipality had a debit balance of Rs.993-4-0, as the Comptroller adjusted the contributions long overdue and shown a debit balance against the Municipality. But as the Municipality had not a pie and as much difficulty was experienced, in meeting the ~~xxxx~~ absolute and immediate expenditure, a sum of Rs.1280-6-4 was refunded and on the 1st of March 1934 the cash balance at its credit was Rs.288-4-10. A sum of Rs.88-0-0 has been remitted to the Treasury during the month and a sum of Rs. 243-15-10 is with the Bill Collector relating to the collections made during the month. The only liability the Municipality has to meet now is the balance of contribution This could be easily met if the heavy uncollected demand is recovered.

The question of Electrification of the town is in advanced stage of correspondence but the financial position of the Municipality at present, is in its way, as it cannot meet the guarantee amount.

By the retrenchment of 4 sweepers and a peon, and also by the savings effected in the stoppage of the quota of pay to the Sanitary Inspector, the expenditure is brought down by Rs.600/- a year. If, by the revision of assessment, the Municipality could get an additional income of Rs.500/- and also improves its octroi income, it will be possible to meet the obligations, attend to improvement works, and also find funds to pay the electric power guarantee, and by the levy of lighting tax, at 4 annas per rupee the Municipality can easily meet the lighting charges The President, Vice President and the Municipal Councillors should look into the matter and take needful action

WORKS REGISTER.

No public works were sanctioned during the current year and the year previous owing to want of funds.

License applications.

There were 3 License applications pending on 1-7-1933 15 applications for building licenses were received during the year of which 12 were disposed of leaving 6 cases pending. All the 3 old applications have been disposed of, and the pending cases relate to the current year. All these applications should be disposed of early.

Audit objections.

The Audit Note with 23 objections received in this office so long back as 5-8-32 is still pending. This should be disposed of at once.

The Local Auditors of the Comptroller's office audited the accounts a couple of days back and they have left the place just today They have raised some more objections during the recent audit All these audit objections should at once be answered

G E N E R A L.

It was observed during inspection that large sums of money are allowed to accumulate with the Bill Collector For instance the Bill Collector has now got Rs.243-15-0 with him As the security furnished by him is only Rs.50/-, it is not safe to allow large sums to remain with him As frequent journeys to T.Narasipur to remit the amount is expensive, the question of opening a a S.B. account in the local Post Office for depositing collections and making remittances once a month to the Taluk Treasury may be considered

Roads require urgent attention. All dilapidated houses and walls should be got removed.

the Councillors opined that it was not
desirable to effect the change proposed,
that the present Vice-President might

affairs of the municipality. The petition speaks volumes about his incapacity or partiality or receipt of a similar petition in my office or oral complaints made to me at Malakal, I told the Vice-President to gracefully resign his post, which he is hesitating to do. The Council is not likely to pass a resolution demanding his removal, as such a procedure is considered ultra-vires. On the other hand municipal affairs cannot improve during the Vice-President's term of office.

Instead of abolishing the municipality altogether in view of the unpatriotic of the place, another chance may be given to improve its affairs by appointing a more competent & influential person.

This subject will be discussed at the next
